## FOR THE OCS CLIENT THAT DEMANDS THE BEST

The demand for the best specialty coffee continues to grow across America. The discerning CEO knows how much it costs when an employee leaves work to go to a coffee shop. Keeping employees happy has never been more important and great coffee makes people happy. Literally.

With over 5000+ positive coffee reviews our Jo Coffee brand is one of Amazon's highest rated organic coffee brands and is growing rapidly. Consumers always respond to very high quality.

## WHY THE JO COFFEE COLLECTION?

It is said blending and roasting coffee is an art. We agree. It is also said some art is liked better than others. To that our clients agree.

We purchase only from the top 2% of all Organic Arabica Coffee worldwide that has passed the expert analysis of a dedicated team of cupping experts. We do not purchase cheap coffee which is typical to many OCS operators.

We offer USDA Certified Organic and Fair Trade Certified exclusive coffee blends and many single origin coffees. We strive for coffee perfection in every hand-crafted artisan roast. Your fresh roasted artisan whole bean coffee is packaged in 2 lb or 5 lb bulk bags.

Jo Coffee is a registered trademark and subsidiary of Specialty Java Inc and is a member of the Specialty Coffee Association, Roaster's Guild, Rainforest Alliance, Fair Trade Certified USA.
